Safe2Tell® School Contact Form

Emergency Contact Notification for Schools

Safe2Tell needs your most current school administrator contact information updated and maintained in our statewide database of emergency contacts, in order to support the delivery of tip reports. Our goal is to forward tips to your designated contacts as immediately as possible, even after school hours if the severity of the situation warrants such urgency. Forwarding tips to you in near real time may make the difference in heading off a problem or tragedy.

We request that you provide three contacts for your facility, recognizing that contacting these individuals is occasionally challenged by travel or illness. We would like for you to follow-up periodically to update your emergency contact information and make sure it is current. None of this information will be made available to the public.

School Name	Type of School
County	District Name
Physical Address	City / Zip
	/
Phone Number - Administration	Fax Number - Administration
