

What happens when I submit a Safe2Tell report?

1

You see a safety concern and submit a report to Safe2Tell via phone, safe2tell.org, or the app.

2

A person who analyzes the reports for Safe2Tell may ask you follow-up questions to learn more.

3

Once the information is collected, it is sent to the team in the school district where the report is from.

4

You remain anonymous, and your information is not collected by Safe2Tell.

5

The local team that receives the report always includes school district employees and law enforcement, and can also include mental health professionals.

6

That team will decide the response to a Safe2Tell report, whether it's about someone who needs mental health support or who may pose a threat to their school community.

7

Teams then tell Safe2Tell what happened. The most common results of a report include mental health counseling, parent notification, or check-ins that are made to make sure the person is okay.
