Summer Newsletter 2025

Train the Trainer

Thank you for your interest in becoming a trainer with Safe2Tell. We are excited to collaborate with local champions such as yourself to provide high quality trainings on the Safe2Tell program to students and communities across Colorado. Safe2Tell continues to grow at an incredible rate because of strong local partners such as yourself. Register for one of the sessions listed below.

WORKING WITH SROS = SAFER SCHOOLS.
Together, we protect students.

Student Ambassador Program

Each school year, we encourage and invite rising sophomores, juniors, and seniors to apply to be a Safe2Tell student ambassador.

Our ambassadors provide insight and feedback on the Safe2Tell program and ensure that our work stays youth-centered.

If you know of an outstanding student who would benefit from this opportunity, please email S2Tambassador@coag.gov.

Student ID Badge Update

Starting July 1, 2025 all calls and texts to Colorado Crisis Services will be connected to the 988 Colorado Mental Health Line.

An updated template for the required information to be displayed on student IDs is available on the Safe2Tell [Schools page](#) at Safe2Tell.org

Shoutout to Littleton School District

Littleton Public Schools has done an impressive job of analyzing their district data. This included a deep dive of all event types submitted to their schools. S2T encourages recipients to look at their data as it can be an insightful way to understand and spot potential trends. If you're interested in learning about your S2T data, fill out the "Data Video Request Form" here: [training](#).

Register for Presentations & Curriculum

Safe2Tell provides [educational training resources](#) for students and communities across Colorado. Safe2Tell appreciates our training partners who educate and inform their students and community about the Safe2Tell program.

[Presentation requests](#) are scheduled based on staff availability, travel considerations, and other factors. Virtual presentations will be offered based on distance and scheduling.

Safe2Tell's [YouTube page](#) has some new videos for students and parents. We are excited to see how they are used in your schools!

Road Trip!

Safe2Tell will be going on 2 road trips in the fall of 2025! Are you interested in hosting Safe2Tell at your district for student and/or staff presentations? Please email brett.cogswell@coag.gov.

Platinum School

Congratulations to Yuma Middle School for achieving Platinum status! We appreciate all your hard work and dedication to keeping your school community safe.

Are you interested in becoming a Safe2Tell Gold Star school?
