Safe2Tell Mobile App Available Now

Promote the app in your school or community

Safe2Tell Colorado is excited to announce the launch of the new mobile app for reporting safety concerns in Colorado schools and communities. The Safe2Tell Colorado mobile app for reporting threatening behaviors and safety concerns in Colorado is now available for students, parents, and community members on the [Apple App Store](#) for iPhones/iPads and [Google Play](#) for Android devices. The Safe2Tell Colorado mobile app is password protected, allows reporters to upload videos or photos, and has the ability to conduct a two-way dialogue with the reporter and dispatcher using a unique login and password. Below you'll find information and resources to aid your school and/or community in promoting the new mobile app.

APP NOW AVAILABLE

NEW PROMOTIONAL MATERIALS NOW AVAILABLE

Posters and items promoting the new mobile app

To promote the new mobile app in your school or community, new posters and marketing materials are available now. Each new poster includes a QR Code to scan with a smartphone that links to an app store based on the phone's operating system.

Safe2Tell Poster Catalog

[Download the Parent Information Sheet Here](#)

Mobile App Informational Video

One-minute quick overview video on how to use the new mobile app

Now available on youtube and vimeo is a quick one-minute overview video that provides tips and instructions on using the new mobile app to report concerning behaviors. Feel free to share the video on your school's website or social media pages to educate students and parents on the new mobile app. We recommend showing the video to students at the beginning of each semester and encourage them to download the app after viewing.

REMINDER: UPDATE YOUR CONTACT INFORMATION
