

Dear Partner in School Safety,

Safe2Tell is a state funded resource that is available to all Colorado communities and schools at all times as a means to anonymously report safety concerns of youth and adults. Safe2Tell provides students and adults an increased ability to both prevent and report violence and other concerning behaviors in a way that keeps them safe. The Safe2Tell model works to break the code of silence by educating, empowering, equipping and engaging students to be a part of the solution. Students use Safe2Tell to report: bullying, suicide concerns, depression, sexting, stealing, threats, cutting, abuse, dating and domestic violence, fights, drugs, alcohol, weapons or other types of dangerous situations that threaten their safety or the safety of others for the purpose of prevention through effective interventions.

Research shows that students who do not feel safe at school will not succeed academically. Your role as a Colorado educator or officer of the law is vitally important in creating a culture and climate of respect in Colorado schools and communities. Safe2Tell is here to support your efforts in creating safer schools by providing you with the tools to educate and empower your students to report their concerns to caring, committed adults and anonymously to Safe2Tell.

The Safe2Tell Student Education Toolkit is designed to provide an overview to Colorado students, by appropriate age level, the importance of reporting concerns and how the Safe2Tell program works. The Toolkits are available at no costs to Colorado schools and communities to equip teachers, school staff, SROs, law enforcement and community program leaders to effectively educate children and youth on the Safe2Tell message. You may find the Student Education Toolkit for Elementary Schools and the Student Education Toolkit for Middle and High Schools on our website at: safe2tell.org/student-education-toolkit

The Elementary Student Education Toolkit contains:

- A four-minute animated video that provides an overview of Safe2Tell, some quick facts on bullying, what elementary students may want to report to Safe2Tell and messages of empowering students to be part of the solution. The video is accessible from the Safe2Tell website at safe2tell.org/student-education-toolkit
- An Elementary Classroom Discussion Guide is a tool to be used following viewing the video which provides the framework to lead a thoughtful, student-led lesson on safety and the role of the bystander
- A printable Coloring Page for Elementary Students features the characters in the video and student items
- A Student Completion Certificate that acknowledges the Safe2Tell lesson for each student (Color and BW copies available)
- A Helpful Information for Parents letter to send home to parents and guardians informing them of the lesson their student received, as well as educating them on the Safe2Tell model and how they may effectively advocate for their student
- Printable Student Bookmarks to pass out to students which includes the Safe2Tell phone number and website as reference item for students, if they need to make a report

The Middle and High School Student Education Toolkit contains:

- A four-minute animated video that provides an overview of Safe2Tell, quick facts on the issues facing youth and teens, what students may report, and messages of empowering students to be part of the solution. The video is accessible from the Safe2Tell website at safe2tell.org/student-education-toolkit
- A Middle and High School Classroom Discussion Guide is a tool to be used following viewing the video which provides the framework to lead a thoughtful, student-led lesson on safety and the role of the bystander
- A Helpful Information for Parents letter to send home to parents and guardians informing them of the lesson their student received, as well as educating them on the Safe2Tell model and how they may effectively advocate for their student
- Printable Student Phone Cards to pass out to students which includes the Safe2Tell phone number and website as reference item for students, if they need to make a report
- A Student Pledge form for students to sign, pledging their commitment to safer schools and creating a culture and climate of respect and trust (to be hung in the classroom or school). The pledge sheet also contains a blank space for students to decide, as a group, their own goals and standards of behavior regarding respect and responsibility in and outside the classroom.

In addition to the free Student Education Toolkit, Safe2Tell offers supplemental student items that may be purchased directly from Safe2Tell. A list of available items and prices (sold at cost) may be found at: safe2tell.org/order-safe2tell-items. To purchase items, either complete the online order form (safe2tell.org/materials-order-form) or contact us at 720-508-6800 or info@safe2tell.org.

After presenting the Student Education Toolkit to a group of students, please complete the Presentation Form on the Safe2Tell website (safe2tell.org/content/presentation-request) so we may track the reach of the Safe2Tell message and the effectiveness of the new resource.

If you have any questions or need additional information or resources, please contact our Safe2Tell staff at 720-508-6800 or info@safe2tell.org

Thank you for helping us make it “Safe 2 Tell” in Colorado.
