Safe2Tell Colorado provides students and adults in Colorado communities and schools an increased ability to both prevent and report violence and other concerning behaviors by making a safe, ANONYMOUS report. Through education and awareness efforts, Safe2Tell Colorado encourages and empowers bystanders to speak up when they have a concern about their safety or the safety of others.

February is Teen Dating Violence Awareness Month

February is National Teen Dating Violence Awareness month to protect teens from violence and raise awareness.

According to “loveisrespect,” a project of the National Domestic Violence Hotline and Break the Cycle, nearly 1.5 million high school students nationwide experience physical abuse from a dating partner in a single year. Additionally, 1 in 3 girls in the US is a victim of physical, emotional or verbal abuse from a dating partner, a figure that far exceeds rates of other types of youth violence.

Safe2Tell is a resource for those who are experiencing or witnessing dating or domestic violence. Remind students that if they know of a...
friend who is being a victim of dating or domestic violence they can make an anonymous report to Safe2Tell Colorado online, by mobile app or by calling 1-877-542-7233.

Additional Resources:
- Safe2Tell "It's Not Love. It's Abuse." downloadable poster
