

BECOME A SAFE2TELL GOLD, SILVER, OR BRONZE SCHOOL

School safety is a shared priority, and Safe2Tell wants to acknowledge the work being done in Colorado schools pertaining to Safe2Tell education and outreach for their students, staff, and communities. During the 2021-2022 school year, Safe2Tell student ambassadors surveyed over 1,000 Colorado students. They found that students know the name Safe2Tell, but don't always know how and when to use it. Safe2Tell believes that the Gold Star program will be a useful tool in helping schools and communities consider all aspects of successful education and awareness, and will recognize strong partners implementing Safe2Tell.
