

June 2023 data report

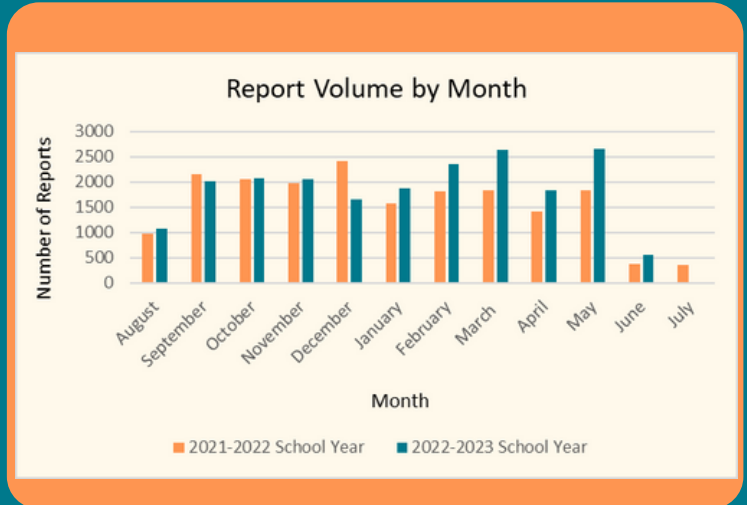

547

Reports received in June 2023. This is a 79% decrease in report volume compared to May 2023.

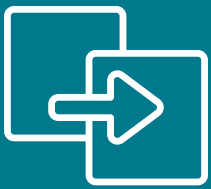

21,992

Reports were received to date for the 2022-2023 school year.

27

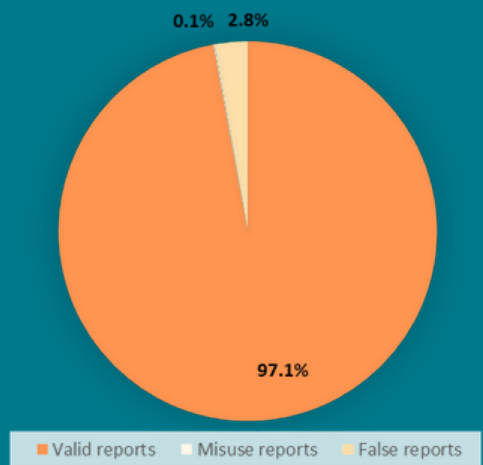

Duplicate reports

Duplicate reports are those regarding a concern or event that has already been reported, and they indicate a healthy culture of reporting safety concerns in a community. 2,102 duplicate reports have been reported during the current school year; 27 duplicates were reported in June alone—an 89% decrease compared to May.

Top reporting categories in May	Number of reports
Suicide Threats	87
Drugs	37
Child Abuse	33

97.1% Valid reports

97.1% of reports received during the 2022-2023 school year, which began August 1, 2022, were determined to be valid. Valid reports are those requiring a response, and that are made with the intent to protect, prevent harm, or help.

Sample reports

Correct use of Safe2Tell

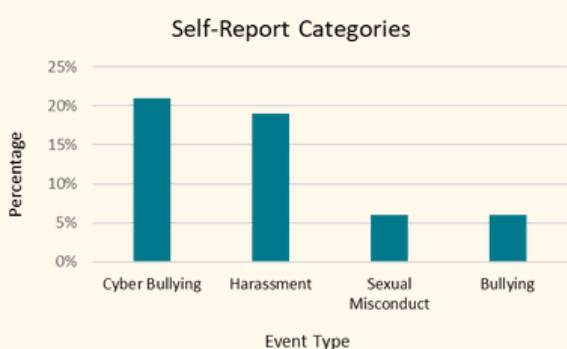

A person reported concern about their friend who went days without answering their phone. They worried about their friend's health and safety at home. Local teams conducted a welfare check, spoke with the student, and involved Department of Human Services.

Correct use of Safe2Tell

A person reported that a student shared their plans to take their life. School teams contacted the students' parents who took the student to the hospital.

53

Self-reports

Self-reports are made by people who are sharing a concern about themselves.
